CIRCULAR

Subject: Weekly Assessment Schedule & Assessment Updates (Classes I to V)

SJS / Circular no. 003 / 2026-27

Date: 4th April 2026

Dear Parent,

Greetings!

This is to reiterate that, as shared during the Orientation Programme, the school follows a **Continuous & Regular Assessment Model** for the Primary Wing (Classes I to V) to ensure a balanced and stress-free academic experience for our students.

■ Assessment Structure

◆ Weekly Wednesday Assessments

To reduce the burden of heavy study loads, **low-stress assessments will be conducted every Wednesday**. These regular evaluations will support continuous learning and better understanding of concepts.

The assessment and grading of reading skills will be conducted based on the **submission and evaluation of reading assessments on Teams**. Language Teachers like last year, will assign Hindi Reading Progress Assignment on every Friday and English Reading Progress Assignment on every Saturday on Teams. Children can utilise weekend to complete reading assignments.

For each term, the teacher will **also consider the average of the best four assessments in Hindi and the best four assessments in English** to determine the student's reading performance.

📅 The **schedule of weekly assessments is available in the Almanac, shared on the Assessment Update Channel, and in the link provided below as well:**

◆ **Communication**

A **detailed syllabus circular and date sheet** will be shared prior to the September and March assessments for better clarity and planning.

◆ **Reporting**

Consolidated student performance reports will be shared **twice a year (September and March)**. However, teachers will share the feedback on Wednesday's test and other formative assessment within a week time. Regular feedback on child's performance in all areas of development will be shared during monthly PTMs.

We appreciate your continued support in helping our students learn with consistency and confidence.

Warm regards,
